

Postal Regulatory Commission  
901 New York Ave NW, Suite 200  
Washington, DC 20268

Re: Docket # MC2012-26

I am the owner of "The Mailing Point" a family owned small business. We are a small commercial Mail receiving Agency, a neighborhood business that has been established for 22 years. We have always considered ourselves as partners to the UPS, and have the mailbox rental part of the business regulated by US Postal Service,

I would like to comment on the enhanced PO BOX services being offered by the Post Office. The enhanced postal Services currently being offered by the Postal Service include

- 1 Offering Post Office Box renters email notification of mail delivery;
- 2 Removing Post office Box designations when using a street address;
- 3 Offering Post Office Box renters the ability to receive packages from non-USPS carriers
- 4 Mail forwarding for Post Office Boxes.

These new services place the US postal Service in direct competition to my business. It is unreasonable to ask small businesses like myself to compete with the USPS when that entity gives itself regulatory advantages on like service and products. It would be impossible for me to compete against the USPS marketing budget and this will result in significant loss of revenue and damage to my business.

I respectfully request that the Commission advise the Post Office to cease offering these Post Office Box enhancements as soon as possible.

Nasir Piracha

Owner, The Mailing Point
